ABTT Electronic Fundamentals 1 & 2 - 2 day course

What is the Electronic Fundamentals 1 & 2 Course?

This course forms part of the ABTT Silver Award Courses, this may be taken as a part of a larger course or can be sat as a two day module.

What does the course cover?

Electronics Fundamentals 1:

The course teaches basic electronic theory and soldering skills as it relates to the entertainment industry. The course covers passive components and circuits, Kirchoff's Laws, AC & DC, power, energy, Ohms Law, impedance, protective devices and rectification.

Electronics Fundamentals 2:

This course builds on the theory of Part 1 introducing active and semiconductor components and integrated circuits. By exploring some of the circuits within dimmers, lighting and sound control systems, operational amplifiers, power supplies and filter circuits are covered. The course also covers digital electronics and the conversion from/to analogue systems.

How do I apply?
